

RY617

DESIGNED FOR EXCELLENT PERFORMANCE
IN HIGHWAY LINE-HAUL, STEER AND
ALL-POSITION APPLICATIONS.

STEER AND
ALL-POSITION

HIGH-VALUE, HIGHWAY LINE-HAUL, STEER AND ALL-POSITION TIRE.

Yokohama has earned a well-deserved reputation as a strong, reliable performer with products that have long been regarded as an exceptional value for fleets as well as owner/operators. The RY617 has all the traditional Yokohama qualities that savvy buyers have come to rely upon, along with the latest features that deliver long, even wear, enhanced wet traction and durability. The RY617 is everything you've come to appreciate in a Yokohama high-value, steer and all-position tire and more.

Confident Handling

Our **reversed five-rib tread design** is the perfect all-position high performer. Enhanced with over 6,000 sipes, this premium feature provides excellent water evacuation and uniform wear. **The stress control sipes** are also especially effective in combating river wear.

Five-Rib Tread Design &
6,000+ SC Sipes

Long Even Wear

The **special contoured design of the groove walls** provides added rib stiffness that further combats uneven treadwear.

Variable Contour Groove Wall

Stress Wear Control Groove (SCG) reduces contact pressure at the tread edge, providing increased resistance to shoulder step down wear and enhancing long even wear, particularly at the shoulder area.

Stress Wear Control Groove

Built-in Stone Protection

Stone ejectors deep inside the tread grooves keep stones from imbedding into the tire to minimize drill damage for increased tread durability and casing life.

Stone Ejectors
